

Department of Mathematics
University of Illinois at Urbana-Champaign

Research Experiences for Undergraduates

June 14 – August 6, 2010

Application Form

Eligible applicants must be U.S. citizens or Permanent Residents. For full consideration, application materials should be received by March 15, 2010. Your application should include:

- a completed application form
- a statement of interest (1-2 typed pages)
- two letters of recommendation from professors who will comment on your mathematical potential, motivation and work habits
- a list of math courses completed or currently being taken, with grades for those completed.

Send all application materials via email to reu@math.uiuc.edu or by U.S. mail to:

Joseph Miles
Undergraduate Programs Director
Department of Mathematics
University of Illinois
313 Altgeld Hall
1409 W. Green Street
Urbana, IL 61801

Name _____

Expected Graduation Date _____ U.S. Citizen or Permanent Resident

Choose a Program:

- Evolutionary Games and Social Networks (Robert Muncaster)
- Geometric Visualization in Virtual Environments (George Francis)

University/College you are currently attending: _____

Your mailing address: _____

Your E-mail: _____

References (*Please arrange to have two of your mathematics professors send letters of reference commenting on your mathematical potential, motivation and work habits.*)

Name _____ Name _____

E-mail _____ E-mail _____

Computing experience: _____

Additional honors, prizes, mathematics competitions, etc.

Math Courses

Please attach a list of math courses completed or currently being taken, with grades for those completed. Use descriptive titles and topics covered for each course.

Statement of Interest

Include with this application form a statement of interest (1-2 typed pages) indicating why you want to attend the REU, your mathematical and other interests, your career plans, and any other information you want to add .

If you are submitting your application electronically, please send the statement of interest and list of math courses in pdf format if possible (a Word document or text file is also acceptable).

Program descriptions are available on the web at www.math.illinois.edu/REU/

Questions and electronic submissions can be sent to reu@math.uiuc.edu
